

Super Recyclers Song

(Simple rhythm, nursery rhyme style – clap clap)

I Am a Super Recycler

VERSE 1

*Where do my clothes come from?
Do you know? Do you know?
From the Earth and from the fields,
Watch them grow, watch them grow*

*Cotton, wool and so much more,
From the land to the store
They can travel far away,
More than ever we can say!*

CHORUS (repeat 2x)

*I am a Super Recycler!
I care for what I wear!
I give, I share, I reuse,
I show the world I care!*

*I am a Super Recycler!
I help in my own way!
Small actions, big impact,
Every single day!*

VERSE 2

*When my clothes don't fit me right,
What can I do? What can I do?
I can give them, share them, fix them*

*That's what I can do!
To a friend or someone new,
They can live a second life too
Nothing wasted, nothing gone,
We just pass it on*

FINAL (louder + more energy)

**I AM A SUPER RECYCLER!
YES, I CARE, I CARE!
TOGETHER WE CAN CHANGE THE WORLD,
BY CHOOSING WHAT WE WEAR!**
